**REGIONAL DISTRICT
of Fraser-Fort George**

BYLAW NO. 3166

**A BYLAW FOR THE PURPOSE OF ESTABLISHING TIPPING FEES AND SITE
REGULATIONS FOR MUNICIPAL SOLID WASTE DISPOSAL AT FACILITIES**

WHEREAS the Regional District has, by Bylaw No. 1453, established Solid Waste Management as a local service by bylaw;

AND WHEREAS the Regional District may establish a scale of charges payable for depositing municipal solid waste at facilities;

AND WHEREAS the Regional Board of the Regional District of Fraser-Fort George deems it advisable to enact regulations pertaining to solid waste disposal and to establish Schedules of Fees for depositing municipal solid waste at a facility;

AND WHEREAS the Regional Board of the Regional District of Fraser-Fort George desires to set standards for and regulate and manage the use of recycling and disposal facilities managed by the Regional District of Fraser-Fort George and operate according to the approved Regional Solid Waste Management Plan;

NOW THEREFORE the Board of Directors of the Regional District of Fraser-Fort George, in open meeting assembled, enacts as follows:

DEFINITIONS AND SCHEDULES

1. In this bylaw, the following definitions apply:

“Account Holder” means a person that holds a Charge Account;

“Active Face” means the current operational area of the facility where solid waste is being placed;

“Agricultural Tires (medium)” means drive wheel and free rolling tires used on tractors and combine equipment. These tires are normally identified with a sidewall marking with suffix letters R (Radial Ply) or HF (High Flotation) and are 16.5 inches – 25.5 inches. These tires are listed in The Tire and Rim Association Inc. annual yearbook Section 5 Agricultural Revised.
Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

“Applicant” means a person who has submitted an Application for Credit;
“Arrears” means with respect to a Charge Account, an amount owing remains

“Asbestos”

unpaid more than thirty (30) days after the date of invoice;

means a waste containing friable asbestos fibres or asbestos dust in concentration greater than 1 percent by weight either at the time of manufacture, or as determined using a method specified in section 40 (1) of the Provincial Hazardous Waste Regulation No. 63/88:

- a) “Asbestos Friable” means any material containing asbestos that when dry, can be easily crumbled or pulverized to powder by hand due to its nature is very difficult to handle and therefore requires pre-approval for disposal;
- b) “Asbestos Non-Friable” means any material containing Asbestos fibres that are bound or locked into the product matrix, so that the fibres are not readily released;

“Asphalt”

Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

means a petroleum by-product, mixed with gravel, crushed rock etc., used for paving roadways, driveways, parking areas etc;

“Asphalt Shingles”

means a unit of prepared roofing material made from petroleum-based by-product and used in the installation on rooves by overlapping units in rows;

“Automotive Batteries”

means all consumer and industrial lead-acid batteries typically found in vehicles, boats, forklifts and back-up power supply over 5 kilograms in weight;

“Billing Address”

means the address provided by the Account Holder on the Application for Credit, or such address as the Account Holder may from time to time furnish;

“Biosolids”

has the same meaning as defined in the Organic Matter Recycling Regulation No. 18/200 enacted under the *Environmental Management Act (EMA)*;

“Board”

Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

means the Board of Directors of the Regional District of Fraser-Fort George;

“Bulky Waste”

means manufactured items or materials with a volume greater than 1.5 cubic metres and manufactured items or materials greater than 2.5 metres in length;

Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

“Camp Waste”	means municipal solid waste that originates from a work camp; Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C”(requirements) attached to this Bylaw;
“Certified Sterilization Process”	means a sterilizing (autoclaving) process which complies with all Canadian Standards Association (CSA) and Canadian Council of Minister of the Environment (CCME) codes and guidelines, is approved by the British Columbia Ministry of Environment and which meets the minimum standards to ensure biomedical waste is sterilized;
“Charge Account”	means an account held by a user of Municipal Solid Waste Facilities with the Regional District whereby the user is permitted to pay tipping fees on a monthly basis instead of paying at the time of disposal;
“Class 1 Facility”	means a staffed and scaled Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Class 2 Facility”	means a gated, unstaffed Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Class 3 Facility”	means a staffed full service Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Class 4 Facility”	means a staffed mid-level Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Class 5 Facility”	means a staffed basic plus Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Class 6 Facility”	means a basic, unstaffed Regional District facility as designated in Schedule “A” attached to this Bylaw;
“Clean Soil”	means soil, sediment or fill material which does not contain substances in quantities or concentrations that do not exceed provincial environmental quality standards and is not a hazardous waste under Hazardous Waste Regulation No. 63/88;
“Clean Wood Waste”	means wood waste typically originating from construction or demolition that is not painted, treated with preservatives, or contains adhesives or filler. Attached or embedded metal such as nails and screws are acceptable in loads of clean wood waste;
“Concrete”	means a hardened mixture of cement with sand, gravel and/or rebar. Rebar protruding from cement shall not exceed 30 centimetres in length; Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Condemned Foods”	means food confiscated or quarantined by the Canadian Food Inspection Agency and spoiled food from a commercial operation or spoiled food greater than 50kg in weight from a domestic residence; Special handling fees and requirements may apply as specified in

	Schedules "B" (fees) and "C" (requirements) attached to this Bylaw;
"Contaminated Sites Regulation"	means the Contaminated Sites Regulation No. 375/96 enacted under the <i>EMA</i> ;
"Contaminated Soil"	means soil, sediment and/or fill material containing substances in quantities or concentrations greater than those specified in provincial environmental quality standards, but which is not a hazardous waste under Hazardous Waste Regulation No. 63/88.
	Special handling fees and requirements may apply as specified in Schedules "B" (fees) and "C" (requirements) attached to this Bylaw;
"Controlled Waste"	means those waste materials that are listed in Schedule "C" attached to this bylaw. Special handling fees may apply as specified in Schedule "B" attached to this Bylaw;
"Cover"	means a tarpaulin or other overlap that is used to completely confine materials or items to the vehicle;
"Credit Application"	means an application for a Charge Account in the form established by the Financial Officer and amended from time to time;
"Creosote Treated Wood"	means wood that has been preserved by a pressure treatment with an anti-microbial pesticide product containing creosote, which may include, but is not limited to railway ties, telephone poles and dock pilings. Due to its inherent nature and quantity, it requires pre-approval from the General Manager for disposal.
	Special handling fees and requirements may apply as specified in Schedules "B" (fees) and "C" (requirements) attached to this Bylaw;
"Dead Animals"	means dead animals or portions thereof equal to or greater than five kilograms in weight but are not a Specified Risk Material as defined in the Federal <i>Health of Animals Act</i> and Regulations.
	Special handling fees and requirements may apply as specified in Schedules "B" (fees) and "C" (requirements) attached to this Bylaw;
"Delinquent"	means a Charge Account with an amount owing that remains unpaid more than thirty (30) days after the date of a Notice of Arrears;
"Demolition, Land Clearing and Construction Waste"	means waste that may include scrap metal, asphalt, asphalt shingles, clean wood waste, painted and/or treated wood waste, masonry and/or rubble, stumps and/or large branches, and shall not contain Prohibited Waste, Controlled Waste, Recyclable Materials or Hazardous Waste;
"Environmental Management Act"	means the <i>Environmental Management Act</i> (British Columbia), as amended or replaced and any successor legislation and regulations there under;
"Facility"	means a Landfill, Transfer Station, or Recycling Facility designated by the Regional District of Fraser-Fort George that is used for receiving or processing municipal solid waste and/or recyclable

	materials;
“Financial Officer”	means the General Manager of Financial Services of the Regional District of Fraser-Fort George or designate;
“Food Processing Waste”	means food residues produced during agricultural, commercial and institutional operations. Food Processing Waste shall not contain Dead Animals.
	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“General Manager”	means the General Manager of Environmental Services of the Regional District of Fraser-Fort George or designate;
“Gypsum Board or Wallboard”	includes, but is not limited to new construction off-cuts or scraps, old wallboard that has been painted and/or covered in wallpaper, vinyl, or ceramic tile, which is removed during renovation, but excludes wallboard containing or manufactured with asbestos.
	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Hazardous Waste”	means any material defined as such in the Hazardous Waste Regulation, which includes, but is not limited to toxins, poisons, corrosives, irritants, strong sensitizers, flammables, and ignitables;
“Hazardous Waste Regulation”	means Hazardous Waste Regulation No. 63/88 under the <i>Environmental Management Act</i> ;
“Household Batteries”	means all batteries accepted for recycling under the Call2Recycle Extended Producer Responsibility program;
“Ignitable”	has the same meaning as defined in Hazardous Waste Regulation No. 63/88;
“International Waste”	has the same meaning as defined in the Federal <i>Health of Animals Act</i> and Regulations;
	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Load Class 1”	means passenger and light truck vehicles up to 3 cubic metre capacity;
“Load Class 2”	means passenger and light truck vehicles towing utility trailers, up to 3 cubic metre capacity;
“Load Class 3”	means truck vehicles up to 8 cubic metre capacity;
“Load Class 4”	means truck vehicles up to 10 cubic metre capacity;
“Load Class 5”	means truck vehicles and/or trailer up to 15 cubic metre capacity;
“Load Class 6”	means tandem axel, end dump truck vehicles or container truck vehicles up to 25 cubic metre capacity;
“Load Class 7”	means tandem axel, end dump truck vehicles or container truck vehicles up to 35 cubic metre capacity;

“Load Class 8”	means tandem axel, end dump truck vehicles or container truck vehicles up to 47 cubic metre capacity;
“Load Class 9”	means vehicles greater than 47 cubic metre capacity;
“Masonry and/or Rubble”	means a loose mass of gravel, bricks, or crushed rock, not including Prohibited Waste, Controlled Waste, Recyclable Materials or Hazardous Waste;
“Marketable”	means material that can be received and processed through local recycling programs;
“Medium Truck Tires”	means tires that are commonly known as Commercial Truck Tires – Truck and Bus tires including Wide Base or Heavy Truck tires designed for truck/bus applications and Larger RV (Recreational Vehicle) tires not marked "P or LT" (Passenger or Light Truck), all of which comply with Canadian Motor Vehicle Safety Standard (CMVSS No.119);
“Metal Drums and Tanks”	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw; means any empty metal container with a non-removable top, including, but not limited to fuel drums and underground oil tanks. This definition does not include metal tanks used to hold compressed gases, including propane tanks;
“Mixed Load”	means materials designated for disposal co-mingled with materials listed in Schedules “C”, “D” and “E” attached to this Bylaw;
“Multi-Material Recycling”	means the packaging and paper products as defined by the Recycling Regulation No. 449/2004;
“Municipal Solid Waste”	has the same meaning as defined by the <i>Environmental Management Act</i> ;
“Notice of Arrears”	means a written notice from the Regional District to a Charge Account Holder indicating that a Charge Account is in arrears (also referred to as a 60-Day Letter);
“Officer”	means any member of the Royal Canadian Mounted Police, a Provincial Conservation Officer, or a Regional District Bylaw Enforcement Officer;
“Off Road Tires”	means the outer pneumatic rubber covering of truck and heavy equipment wheels with an inner diameter greater than 25.5 inches and/or a tread width greater than 12 inches;
“Out of Region Waste”	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw; means Municipal Solid Waste that originates outside of the Regional District boundaries and requires written permission from the General Manager or designate in order to be disposed of at Class 1 facilities within the Regional District;

AMENDED BY
SEC 1 BL 3187

“Ozone Depleting Substances”

has the same meaning as defined in Ozone Depleting Substances and Other Halocarbons Regulation No. 387/99 under the *EMA*.

Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

“Painted and/or Treated Wood Waste”

means wood waste typically originating from construction or demolition that is painted, treated with preservative, or contains adhesives or filler, but cannot have tile, gypsum, glue, carpet, dirt or soil or other non-wood materials attached;

“Passenger and Light Truck Tires”

means passenger tires designed for use on passenger cars, light trucks, small recreational vehicles (RVs) and multipurpose passenger vehicles (MPVs), including sport utility vehicles (SUVs) and crossover utility vehicles (CUVs), and to comply with Canadian Motor Vehicle Safety Standard (CMVSS No. 109);

The light truck tire category is tires designed for use on consumer or commercial light trucks, under 10,000 pounds. Gross Vehicle Weight and comply with Canadian Motor Vehicle Safety Standard (CMVSS No. 119).; Codes found on the sidewall of light passenger and light truck tires are P (Passenger) and LT (Light Truck); Temporary spare tires are marked T (Temporary);

“Person”

has the same meaning as defined in the *Interpretation Act*;

“Product Stewardship Materials”

means material that falls under a product category of Recycling Regulation No. 449/2004 of the *Environmental Management Act*;

“Prohibited Waste”

means those waste materials that are listed in Schedule “D” attached to this Bylaw;

“Propane Tank”

means a refillable or non-refillable metal container rated at a capacity of less than or equal to 20 pounds which is used to contain flammable hydrocarbon gases for use as fuel;

“Pumpings”

means residual waste from commercial laundry lint traps, parking lot drainage sumps or sumps which collect run-off from vehicle washing facilities that are not a liquid or a slurry.

“Radioactive Waste”

Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;

has the same meaning as defined in Hazardous Waste Regulation No. 63/88;

“Reactive”

has the same meaning as defined in Hazardous Waste Regulation No. 63/88;

“Recyclable Material”

has the same meaning as defined in the *Environmental Management Act*. Recyclable Material that is accepted is listed under Schedule “E” attached to this Bylaw;

“Refuse”

has the same meaning as defined in the *Environmental*

	<i>Management Act;</i>
“Regional District”	means the Regional District of Fraser-Fort George;
“Regional District Personnel”	means the General Manager and includes Regional District staff designated from time to time by the General Manager to administer this Bylaw;
“Scrap Metal”	means any recyclable ferrous and non-ferrous metallic materials which include, but are not limited to: sheet metal, siding, roofing, rebar, flashing, pipes, window frames, doors, furnaces, duct work, wire, cable, bathtubs, fencing, bicycle frames, automotive parts, machinery, appliances, garbage cans, metal furniture, tire rims and metal cans, but does not include metal that is incorporated into a product or packaging, such as a couch, that does not compose more than 50 percent of the product weight and that cannot be readily separated from the non-metallic components;
“Screenings”	means residual waste from municipal treatment plants and pumping stations within the Regional District;
	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Secured Load”	means municipal solid waste on a vehicle entering a facility that is adequately covered and secured to prevent materials from shifting, moving, leaking, spilling, escaping, falling from, falling through, blowing off or otherwise dislodging from or depositing outside the vehicle while in transit. All vehicles entering a facility shall have their municipal solid waste adequately covered and secured according to the following criteria: a) use of an adequate cover or the securing and containment of municipal solid waste and recyclable materials within intact, secured, closed garbage bags or containers; b) the cover and/or container must be securely and tightly fastened to the vehicle with cargo net, ropes, chains, straps, and/or bungee cords so that it is not, and cannot become, a hazard; and c) bulky waste, appliances, appliances containing ozone depleting substances and tree stumps, shall be securely chained or strapped to flat beds or truck boxes.
“Sharps”	means clinical and laboratory materials consisting of needles, syringes, blades or laboratory glass which have been autoclaved;
	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Site Operator”	means that person employed by or having a contract or agreement with the Regional District for caretaker or attendant duties at a facility;
“Site	means regulations, as described in Schedule “F” attached to this

Regulations”	Bylaw;
“Small Load”	means municipal solid waste to be disposed of at a facility that does not exceed 100 kilograms net weight at a scale;
“Source Separated Waste”	means municipal solid waste that arrives at a facility which is separated by means of barriers or placement in containers into clearly distinguishable accumulations of: a) recyclable materials; b) yard and garden waste; c) refuse; d) demolition, land clearing and construction waste; and e) controlled waste;
“Sterilization” or “Sterilized”	means a process by which micro-organisms including bacteria, viruses, spores and fungi are killed;
“Sterilized Biomedical Waste”	has the same meaning as in Hazardous Waste Regulation No. 63/88 and which has been sterilized through a certified sterilization process. Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Stumps and/or Large Branches”	means tree stumps cleaned of soil, shrub and tree branches larger than 75 millimetres in diameter;
“Unmarketable”	means materials that are not marketable;
“Unsecured Load”	means a load other than a secured load;
“Used Oil and Antifreeze”	means all products as defined under the Lubricating Oil product category, Empty Oil Container product category, Oil Filter product category and Antifreeze product category in Recycling Regulation No. 449/2004;
“Vehicle”	has the same meaning as defined in the <i>Motor Vehicle Act</i> of British Columbia;
“Vehicle Hulk”	means a wrecked or derelict vehicle body that has been drained of all fluids.
“Waste Audit”	Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw; means a comprehensive analysis of waste material that is generated at or disposed of at a facility, for the purposes of understanding the waste and recycling streams, identifying issues and identifying where new opportunities for waste diversion may exist;
“Wood Ash from Industrial Operations”	means the residue left after the combustion of wood at an industrial operation. Special handling fees and requirements may apply as specified in Schedules “B” (fees) and “C” (requirements) attached to this Bylaw;
“Yard and	means organic, source separated waste that includes, grass, lawn

Garden Waste” clippings hedge clippings, flowers, leaves, processed yard and garden material that has been chipped to less than 55 millimetres in any dimension and shrub and tree branches less than 75 millimetres in diameter;

2. The following schedules are attached here to and form part of this Bylaw:

SCHEDULE “A”	Facility Classes
SCHEDULE “B”	Tipping Fees and Penalties
SCHEDULE “C”	Controlled Waste
SCHEDULE “D”	Prohibited Waste
SCHEDULE “E”	Recyclable Materials
SCHEDULE “F”	Site Regulations
SCHEDULE “G”	Charge Accounts

FACILITY ESTABLISHMENT

3. The Regional District waste facilities and facility classes are hereby established under Schedule “A” attached to this Bylaw.

FACILITY USE AND GENERAL PROVISIONS

4. Every person depositing municipal solid waste at a facility shall comply with and abide by:
- a) the terms and conditions of this Bylaw and attached Schedules; and
 - b) all rules and directions of the Site Operator, Regional District Personnel, or Officer whether such rules or directions are in the form of signage or written or verbal instructions.
5. All municipal solid waste deposited at a facility shall become the property of the Regional District.
6. Source separated recyclable material brought into a facility in small loads may be accepted for recycling at facility classes that accept such material.
7. The General Manager may establish restrictions and regulations for the disposal of controlled waste at a facility.
8. Disposal of controlled waste in the active face area and/or marshalling areas at a facility, requires all persons to comply with Work Safe BC Occupational Health and Safety Regulation, Policy and Guidelines,- Part 8 Personal Protective Clothing and Equipment.
9. Yard and garden waste will be accepted at facility classes that accept this material at the rates set out in Schedule “B” attached to this Bylaw.
10. If the yard and garden waste is not source separated or contains other than organic matter, then the person bringing the waste to the disposal site shall pay the fees set out in Schedule “B” attached to this Bylaw.
11. All persons entering a facility are required to comply with the British Columbia *Motor*

Vehicle Act when operating a vehicle at a facility.

12. The General Manager shall be responsible to develop and maintain all procedures, including forms, for the implementation of this Bylaw.

TIPPING FEES

13. The Regional District hereby establishes and imposes the tipping fees set out in Schedule “B” attached to this Bylaw.
14. Where a fee is not paid within the time specified in Schedule “B” attached to this Bylaw, the person liable to pay such fee shall:
 - a) not deposit any municipal solid waste on or at a facility, until such fee owing has been paid in full; and
 - b) in addition to such fee, pay a penalty at the rate set out in Schedule “B” attached to this Bylaw, from the date the charge was due, to the date of payment.
15. All fees referred to in Schedule “B” attached to this Bylaw, shall be rounded up or down to the nearest quarter of a dollar where applicable.
16. Tipping fee rate at a facility may be doubled for the following:
 - a) unsecured load; or
 - b) municipal solid waste containing a banned material; or
 - c) depositing waste in an undesignated location; or
 - d) depositing a mixed load at a facility.
17. Customer charge accounts for the payment of tipping fees owing under this Bylaw may be established in accordance with Schedule “G” attached to this Bylaw.

VIOLATIONS AND PENALTIES

18. The Regional District hereby establishes and imposes the penalties set out in Schedule “B” attached to this Bylaw, for contraventions of this Bylaw.
19. No person shall do any act or suffer or permit any act or thing to be done in contravention of this Bylaw.
20. Any person who contravenes this Bylaw, by doing any act which the Bylaw forbids, or failing to do any act which the Bylaw requires to be done:
 - a) may be subject to the penalties set out in Schedule “B” attached to this Bylaw; and
 - b) may be prohibited from re-entry into a facility.
21. Any person who fails to comply with the directions of a Site Operator, Regional District Personnel, Officer, or signage at a facility may be asked to leave the facility and may be subject to a penalty as set out in Schedule “B” attached to this Bylaw.
22. Any person who misses a pre-arranged disposal time with no prior cancellation notice given may be subject to a penalty as set out in Schedule “B” attached to this Bylaw.
23. The penalties imposed under Schedule “B” attached to this Bylaw, shall be in addition to and not in substitution for any other penalty or remedy imposed by this Bylaw or any other statute, law or regulation.

INSPECTIONS

24. An Officer, Site Operator or Regional District Personnel are hereby authorized to inspect any municipal solid waste entering or exiting a facility for the purpose of determining:
 - a) compliance with this Bylaw;
 - b) the nature of the contents of the municipal solid waste for the purpose of a waste audit; or
 - c) contamination or mixed loads.

SITE OPERATOR AUTHORITY

25. Site operators are hereby further authorized to:
 - a) determine appropriate fees associated with municipal solid waste entering or leaving a facility;
 - b) collect fees as specified in this Bylaw on behalf of the Regional District;
 - c) enforce facility rules and regulations of this Bylaw;
 - d) direct the placement of municipal solid waste and materials required for the operation of a facility;
 - e) limit the number of deliveries of municipal solid waste or clean fill entering a facility; and
 - f) require advance notice of the delivery of municipal solid waste and clean fill to a facility.

SEVERANCE

26. If a section, subsection, sentence, clause or phrase of this Bylaw is for any reason held to be invalid by the decision of a Court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Bylaw.

REPEAL

27. Foothills Boulevard Regional Landfill Tipping Fee and Regulation Bylaw No. 1797, 1998, including all amendments, is hereby repealed.
28. Mackenzie Regional Landfill Tipping Fees and Regulations Bylaw No. 1746, 1997, including all amendments, is hereby repealed.
29. McBride Regional Transfer Station Tipping Fees and Site Regulations Bylaw No. 2146, 2003, including all amendments, is hereby repealed.
30. Valemount Regional Transfer Station Tipping Fees and Site Regulations Bylaw No. 1577, 1997, including all amendments, is hereby repealed.
31. Quinn Street Regional Recycling Depot Bylaw No. 2823, 2013, including all amendments, is hereby repealed.
32. Municipal Solid Waste Tipping Fee and Site Regulation Bylaw No. 3023, 2016, including all amendments, is hereby repealed.
33. Municipal Solid Waste Tipping Fee and Site Regulation Bylaw No. 3121, 2019, including all amendments, is hereby repealed.

EFFECTIVE DATE

34. This bylaw shall come into full force and effect upon adoption.

TITLE

35. This bylaw may be cited for all purposes as “Municipal Solid Waste Tipping Fee and Site Regulation Bylaw No. 3166, 2020.

THIS BYLAW is a copy of Bylaw No. 3166, consolidated pursuant to Section 139 of the *Community Charter* and is printed on the authority of the General Manager of Legislative and Corporate Services of the Regional District of Fraser-Fort George.

Municipal Charges	Weight Based Tipping Fee	Volume Based Tipping Fee
McBride	Not Applicable	\$135.25 per municipal collection vehicle
Valemount	Not Applicable	\$ 93.50 per municipal collection vehicle

Recyclable Materials*	Weight Based Tipping Fee	Volume Based Tipping Fee
Appliances containing Ozone Depleting Substances	\$0	\$0
Automotive Batteries	\$0	\$0
Bicycle Tires and Tubes	\$0	\$0
Household Batteries	\$0	\$0
Multi-Material Recycling	\$0	\$0
Passenger and Light Truck Tires (off rim)	\$0	\$0
Propane Tanks	\$0	\$0
Scrap Metal	\$0	\$0
Used Oil and Antifreeze	\$0	\$0
Yard Waste	\$0	\$0

*No charge to dispose of recyclable materials if material is secured. If the recyclable materials are unsecured, a \$12.00/per load unsecured fee will apply. See Schedule "E" for more information

Controlled Waste	Weight Based Tipping Fee (\$6.00 minimum)	Volume Based Tipping Fee
Appliances Containing Ozone depleting substances	\$0/unit	\$0/unit ⁴
Asbestos- Friable and non-friable	\$392.75/tonne	Not Accepted
Biosolids (waste sludge from municipal sewage treatment plants and screenings stations)	\$0	Not Accepted
Bulky Waste	\$129.75/tonne ⁵	Based on Load Class
Camp Waste	\$110.00/tonne	Not Accepted
Condemned Foods	\$199.75/tonne	Not Accepted
Contaminated Soils	\$129.75/tonne	Not Accepted
Concrete	\$255.75/tonne	Not Accepted
Creosote treated wood	\$199.75/tonne	Not Accepted
Dead Animals	\$199.75/tonne	Not Accepted
Food Processing Waste	\$110.00/tonne	Not Accepted
Gypsum Board or Wallboard	\$110.00/tonne ⁶	Based on Load Class
International Waste	\$401.50/tonne	Not Accepted
Pumpings	\$110.00/tonne	Not Accepted

⁴ Available at the following Class 2 Facilities – Valemount and McBride. Load must be secured.

⁵ Additional Bulky Waste charge will be applied to the following materials: asbestos, concrete, creosote treated wood, and stumps.

⁶ Source Separated and Mixed Load Tipping Fees are the same, minimum \$12.00 up to 100kg.

Screenings from municipal treatment plants and pumping stations	\$110.00/tonne	Not Accepted
Sterilized biomedical waste received from Certified sterilization facilities	\$110.00/tonne	Not Accepted
Sterilized sharps received from certified sterilization facilities	\$199.75/tonne	Not Accepted
Vehicle Hulks	\$199.50/unit	\$199.50/unit ⁷
Wood ash from industrial operations	\$110.00/tonne	Not Accepted

Gypsum Board or Wallboard	Weight Based Tipping Fee (\$6.00 minimum)	Volume Based Tipping Fee ⁷
Gypsum Board or Wallboard	\$110.00/tonne ⁸	\$25.75 for Load Class 1 \$32.00 for Load Class 2 \$84.25 for Load Class 3 \$103.50 for Load Class 4 Load Classes 5 thru 8 not accepted

Norgrow Pricing	U-Load \$6.00 Minimum (3 cans or ½ m)	We-Load \$7.50 Minimum
Single Screen	\$15.00 m ³	\$20.00 m ³
Double Screen	N/A	\$30.00 m ³

Penalties

Violation	Penalty
Disposing of Prohibited Waste	\$100 minimum \$2,000 maximum
Vandalism	\$100 minimum \$2,000 maximum
Trespassing	\$500
Causing Contamination of stockpiles	\$100 minimum plus cost to handle and remove contamination, plus any associated tipping fee
Disobey Site Regulations, verbal instructions or signage	\$100 minimum \$500 maximum
Smoking	\$100
Scavenging	Removal from site and potential ban from site
Loitering	\$100
Missing pre-arranged disposal time with no prior cancellation notice given	\$100 per offence
Failure to pay tipping fee	Accrued interest from the time of disposal Potential ban from site until payment is posted, determined by General Manager or Financial Officer

⁷ Only accepted at the Valemount and McBride Transfer Stations and the Legrand Landfill.

⁸ \$110.00/tonne is for Source Separated waste, Mixed Load Tipping Fee is \$200.00/tonne, minimum \$12.00 up to 100kg.

SCHEDULE “C”
CONTROLLED WASTE

Controlled Waste	Specifications and Restrictions
Appliances Containing Ozone Depleting substances	- Appliances must contain no food products and be empty - Site Restrictions may apply - Special handling fees apply
Asbestos- Friable	- Requires written permission prior to disposal - Hauler will be given a disposal time. Failure to show up at the correct time, or failure to notify the Facility may result in a penalty or refusal to dispose. - Forty-eight hours (48) prior notice must be obtained before disposal. - Material must be manifested or documented as required by the EMA. - Material must be disposed of, transported and contained as required by the EMA. - Failure to contain material as required by the EMA may result in refusal to dispose. - Site Restrictions may apply - Special handling fees apply
Asbestos- Non Friable	- Requires written permission prior to disposal. - Hauler will be given a disposal time. Failure to show up at the correct time, or failure to notify the Landfill facility may result in a penalty or refusal to dispose. - Forty-eight hours (48) prior notice must be obtained before disposal. - Material must be disposed of, transported and contained as required by the EMA. - Site Restrictions may apply - Special handling fees apply
Biosolids (waste sludge from municipal treatment plants and screening stations)	- Requires written permission prior to disposal. - Site restrictions may apply - Special handling fees apply.
Bulky Waste	- Material must be deposited a minimum of one hour (1) prior to closing time - Site Restrictions may apply - Special handling fees apply
Camp Waste	- Site Restrictions apply - Special handling fees apply
Concrete	- Site restrictions apply - Special handling fees apply
Condemned Foods	- Requires written permission prior to disposal - Forty-eight hours (48) prior notice must be obtained before disposal - Site restrictions apply - Special handling fees apply
Contaminated Soils	- Requires written permission prior to disposal - Forty-eight hours (48) prior notice must be obtained before disposal - Site restrictions apply - Special handling fees may apply
Creosote Treated Wood	- Prior approval must be obtained before disposal - Site Restrictions apply - Special handling fees apply
Dead Animals	- Material must be deposited three (3) hours prior to closing - Site restrictions apply - Special handling fees apply
Food Processing Waste	- Material must be deposited a minimum one (1) hour prior to closing - Site restrictions apply - Special handling fees apply

Gypsum Board or Wallboard	- Site restrictions apply - Special handling fees apply
International Waste	- Requires written permission prior to disposal - Forty-eight hours (48) prior notice must be obtained before disposal - Site restrictions apply - Special handling fees apply
Medium Truck Tires	- Inside diameter >16.5 inches and <25.5 inches - Off rims only - Site restrictions apply - Special handling fees apply - Includes Agricultural Tires (medium)
Off Road Tires	- Off rim only - Site restrictions apply - Special handling fees apply
Pumpings	- Site restrictions apply - Special handling fees apply
Screenings from municipal treatment plants and pumping stations	- Site restrictions apply - Special handling fees may apply
Sterilized biomedical waste received from certified sterilization facilities	- Prior permission must be obtained before disposal - Hauler will be given a disposal time. Failure to show up at the correct time, or failure to notify the Facility may result in a penalty or refusal to dispose. - Site restrictions apply - Special handling fees apply
Sterilized sharps received from certified sterilization facilities	- Prior permission must be obtained before disposal - Hauler will be given a disposal time. Failure to show up at the correct time, or failure to notify the Facility may result in a penalty or refusal to dispose. - Must be contained in separate load. - Site restrictions apply - Special handling fees apply
Vehicle Hulks	- Vehicle hulk shall have the following removed prior to disposal: tires, antifreeze, lubricating oils, brake fluids, transmission fluids, ozone depleting substances, gaseous and liquid fuels and batteries - Site restrictions apply - Special handling fees apply
Wood ash from industrial operations	- Prior permission must be obtained before disposal - Site restrictions apply - Special handling fees apply

SCHEDULE "D"
PROHIBITED WASTE

The following waste materials shall not be disposed of at any facility:

1. Alum pond or lime sludge in dewatered form;
2. Automotive Batteries except as permitted herein;
3. Cattle Carcasses;
4. Empty steel and plastic drums, unless they are crushed, shredded or similarly reduced in volume to the maximum practical extent;
5. Explosives;
6. Fencing wire;
7. Fuels;
8. Hazardous Waste;
9. Household batteries except as permitted herein;
10. Ignitable Waste;
11. Industrial chemical waste;
12. Lithium-Ion batteries over 5 kg;
13. Liquids;
14. Lubricants;
15. Material that is on fire or smouldering;
16. Material that was previously on fire and has not been extinguished for at least 30 days except with a letter from a recognized Municipal, local or volunteer fire department stating it has been fully extinguished and is ready for disposal;
17. Ozone depleting substances except as permitted herein;
18. Paints and solvents;
19. Passenger and Light Truck tires, medium truck tires and off road tires mounted on rims;
20. Radioactive Waste;
21. Reactive Waste;
22. Restaurant grease;
23. Slurry, except as permitted within this Bylaw; and
24. Wire rope.

SCHEDULE "E"
RECYCLABLE MATERIALS

Recyclable Materials	Specifications and Restrictions
Appliances containing Ozone Depleting Substances	- Appliances must contain no food products and be empty - Site Restrictions may apply - Special handling fees may apply
Automotive Batteries	- Site Restrictions may apply - Load restrictions may apply
Bicycle Tires and Tubes	- Site Restrictions may apply - Must be off rim - Special handling fees may apply
Household Batteries	- Site Restrictions may apply - See Call2Recycle and the Recycling Regulation for accepted products
Multi-Material Recycling	- Site Restrictions may apply - See the Recycling Regulation and Multi-Material Handout for accepted products - Special handling fees may apply - Load restrictions may apply
Passenger and Light Truck Tires	- Site Restrictions may apply - 4 tires per visit - Must be off rim - Special handling fees may apply
Propane Tanks	- Site Restrictions may apply - 1 propane tank per visit - Propane tank must be empty - Only 20 lbs propane tank accepted
Scrap Metal	- Site Restrictions may apply - Special handling fees may apply
Used Oil and Antifreeze	- Site Restrictions may apply - See BCUOMA and the Recycling Regulation for accepted products
Yard and Garden Waste	- Site Restrictions may apply - Special handling fees may apply

SCHEDULE "F"
SITE REGULATIONS

1. No person shall:
 - a) operate a vehicle at a facility at a speed which exceeds the posted speed limits;
 - b) without authorization, drive their vehicle in any area of the facility other than on the roadways provided by the Regional District once they have entered the facility;
 - c) carry municipal solid waste on a vehicle that is unsecured or that is unsecured creating a hazardous condition;
 - d) deposit a controlled waste at a facility without following the instructions set out in Schedule "C";
 - e) dispose of controlled waste at a facility without forty-eight (48) hour pre-delivery approval from the General Manager;
 - f) dispose of a prohibited waste at a facility;
 - g) deposit the municipal solid waste in such a place and in such a manner other than as direct by the Site Operator;
 - h) remove deposited municipal solid waste from a facility without the written approval of the General Manager;
 - i) cause contamination of stockpile(s) at a facility;
 - j) vandalize any aspect of a facility;
 - k) trespass onto or within the property and buildings of a facility;
 - l) scavenge within the boundary of a facility;
 - m) loiter at any facility;
 - n) light or smoke any cigarette, cigar, pipe or any other substance within the boundaries of a facility;
 - o) allow pets, or any animal brought to the facility, to be outside of the vehicle while at a facility;
 - p) stand, enter or crawl into a disposal bin at a facility;
 - q) allow children under 12 years of age outside of the vehicle at a facility;
 - r) ignite a fire or cause a fire to be ignited at any facility or bring any burning materials or hot ashes to the facility;
 - s) deposit out of region solid waste at a facility without the written permission of the General Manager;
 - t) deposit a vehicle hulk at a facility class that does not accept vehicle hulks as outlined in Schedule "C" attached to this Bylaw;
 - u) deposit a vehicle hulk at an authorized facility without first removing tires, automotive fluids, lubricating oils, ozone depleting substance and fuels;
 - v) in depositing municipal solid waste at a facility:
 - i) deposit municipal solid waste except as directed by this Bylaw and attached Schedules for the use of the facility;
 - ii) act in a manner contrary to the posted site regulations; nor
 - iii) having deposited the municipal solid waste, fail to pay the applicable fee as described in Schedule "B" attached to this Bylaw.
2. Any person entering a facility does so at their own risk. The Regional District accepts no liability whatsoever for damage and/or injury to persons or property at Regional District facilities, as defined in this Bylaw.
3. All persons visiting a facility must check in upon arrival at the scale office where applicable.
4. In the event of a swipe card failure when presented as payment for tipping fees owing at a facility, the owing tipping fees must be paid by another method of payment by the swipe card holder prior to leaving the facility.

AMENDED BY
Sec 1 BL 3369

SCHEDULE "G"
CHARGE ACCOUNTS

1. A person wishing to establish a Charge Account must submit a completed Credit Application to the Financial Officer.
2. The Financial Officer may approve or deny a Credit Application in any of the following circumstances:
 - a) where the Financial Officer has determined that the Applicant is not creditworthy; or
 - b) where the Applicant, or any principal, partner, director or officer of the Applicant has had a Charge Account cancelled within the previous five (5) years.
3. A credit limit will be approved for each Charge Account by the Financial Officer.
4. Credit limits will be periodically reviewed and may be revised at the discretion of the Financial Officer.
5. Where a Charge Account has an amount owing greater than the credit limit, the Account Holder may be required to pay all disposal fees at the time of disposal by cash or credit card until such time as the amount owing is less than the credit limit.
6. Account Holders will be billed monthly, and the invoice will be delivered to the Billing Address or email address provided by the Account Holder.
7. The total amount owing on any invoice must be paid in full by the Account Holder to the Regional District within thirty (30) days of the date of the invoice.
8. Any amount not paid to the Regional District within thirty (30) days of the date of the invoice is considered in Arrears and must be paid immediately, along with interest pursuant to Section 16 of this Schedule.
9. Where a Charge Account is in Arrears, the Regional District shall deliver a Notice of Arrears (referred to as the "60 Day Letter") to the Account Holder at the Billing Address or email address provided by the Account Holder.
10. Any amount not paid to the Regional District within thirty (30) days of the date of a Notice of Arrears (ninety (90) days from the date of the original invoice) is considered Delinquent and must be paid immediately, along with interest pursuant to Section 16 of this Schedule.
11. Any Charge Account that is Delinquent shall be suspended by the Financial Officer, until such time as all amounts owing, including interest, are paid in full.
12. Where a Charge Account has been suspended, the Regional District shall deliver a suspension letter to the Account Holder at the Billing Address or email address provided by the Account Holder.
13. While a Charge Account is suspended, the Account Holder must pay all disposal fees at the time of disposal by cash or credit card.
14. Any Charge Account that becomes Delinquent more than once shall be subject to immediate cancellation.
15. At the discretion of the Financial Officer, a Delinquent Charge Account may be referred to a third-party collection agency.
16. In addition to any other penalty imposed under this Bylaw, the interest rate of one and half percent (1.5%) per month, calculated and accruing daily, may be applied to any amounts in Arrears or Delinquent under a Charge Account from and including the first date upon which the account falls into Arrears. Any such interest shall form part of the amount in Arrears.

17. Where a Charge Account is Delinquent, the Regional District may withhold monies equivalent to the outstanding amount, plus interest, from the Account Holder under a separate contract, agreement, or offer between the Regional District and the Account Holder.
18. The Financial Officer may, in addition to any other penalty imposed under the Bylaw, cancel a Charge Account where the General Manager has advised that the Account Holder has deposited Prohibited Waste at a Facility, or has deposited Municipal Solid Waste at a Facility in a manner contrary to this
