3. Responding Organization's name and address.

The lowest, or any tender, will not necessarily be accepted. The Regional District reserves the right to accept or reject any or all Tenders. Tenders submitted by fax, electronically, or not in original Regional District format will NOT be accepted. Late tenders will not be accepted and will be returned to the Tenderer.

Any Tender received after the closing date and time (Friday, March 20, 2020 at 2:00 p.m.) will be considered disqualified and will be returned to the tenderer.

The Regional District will not be responsible for any costs incurred by Tenderers as a result of the preparation or submission of a tender pertaining to this ITT. The accuracy and completeness of the tender is the Tenderer's responsibility. Should errors in a tender be discovered, the Tenderer shall be solely responsible for any additional costs incurred by that Tenderer in the performance of the work and shall be solely responsible to correct any deficiencies or errors in that tender at their expense.

1.4 Acknowledgement Letter

Upon receipt of the ITT, a potential tenderer will sign one copy of the Acknowledgement Letter and email or fax the signed Acknowledgement Letter to the attention of Bryan Boyes, Utilities Leader.

A tenderer who signs and returns the Acknowledgement Letter is not obligated to submit a Tender.

Any tenderer who does not submit the Acknowledgement Letter will not be sent any amendments or addenda and may be disqualified.

1.5 Regional District's Right to Reject Tender

The Regional District reserves the right, in its sole discretion, to waive informalities in tenders, reject any and all tenders, or accept the tender deemed most favourable in the interests of the Regional District. The lowest, or any tender, will not necessarily be awarded.

No Tenderer shall have any claim for any compensation of any kind whatsoever as a result of participating in this Invitation to Tender.

In the event that the previous paragraph is found to be invalid by a court of competent jurisdiction, then this paragraph will apply. By submitting a tender, a Tenderer agrees that it will not claim damages in excess of an amount equivalent to the reasonable costs incurred by the Tenderer in preparing its tender for matters relating to the Agreement or in respect of the competitive process, and the Tenderer, by submitting a tender, waives any claim for loss of profits if no agreement is made with the Tenderer.

If a Tender contains a defect or fails in some way to comply with the requirements of the Tender Documents, which in the sole discretion of the Regional District is not material, the Regional District may waive the defect or accept the Tender.

Tenders which contain qualifying conditions or otherwise fail to conform to the instructions contained in this ITT may be disqualified or rejected. The Regional District may, however, in its sole discretion, reject or retain for its consideration tenders which are non-conforming because they do not contain the content or form required by the ITT, or for failure to comply with the process for submission set out in this ITT, whether or not such non-compliance is material.

The Regional District reserves the right to reject a tender based on potential or perceived conflict of interest on the part of a tenderer. Without limitation, the Regional District reserves the discretion to reject any tender where:

- a) one or more of the directors, officers, principals, partners, senior management employees, shareholders or owners of the tenderer, is an officer, employee or director of the Regional District, or is a member of the immediate family of an officer, employee or director of the Regional District; or
- b) in the case of a tender submitted by a tenderer who is an individual person, where that individual is an officer, employee or director of the Regional District, or is a member of the immediate family of an officer, employee or director of the Regional District.

When submitting a tender, the tenderer is required to complete, sign, and include with their tender a Conflict of Interest Disclosure Statement (page 16).

The Regional District reserves the right to reject any tender submitted by a tenderer who is, or whose principals are, at the time of tendering, engaged in a lawsuit against the Regional District in relation to work similar to that being tendered.

1.6 Proof of Ability

A Tenderer will be competent and capable of performing the work. A Tenderer may be required to provide evidence of previous experience and financial responsibility before the contract is awarded.

Equipment and tools outlined under Section 8., Operational Specifications, will be made available by the Tenderer for successfully meeting contractual obligations.

1.7 Discrepancies or Omissions

Tenderers finding discrepancies or omissions in the specifications, or any other documents, herein or having any doubts on the meaning or intent of any part thereof should immediately request in written form, either by fax, by email or by mail, clarification from Bryan Boyes, Utilities Leader. Upon receipt of the written request for clarification, Mr. Boyes will send written instructions or explanations to all parties registered as having returned the

Acknowledgement Letter. No responsibility will be accepted for oral instructions. Any work done after discovery of discrepancies, errors or omissions will be done at the successful Tenderer's (Contractor) risk.

Addenda and Amendments issued during the time of Tendering will be signed by the Contractor and included with the Tender and will become a part of the Tender documents.

NOTE: the last day that requests for clarification or inquiries may be made is Monday, March 16, 2020 in order that addenda, if necessary, are issued in time for all tenderers to complete their submission and have it delivered to the Regional District office prior to the closing time and date of the ITT. After March 16, 2020, should changes be necessary to the work of this ITT, they will be addressed through Article 20, Changes in the Work under General Conditions.

Addenda and Amendments issued during the time of Tendering will be signed by the Tenderer and included with the Tender and will become a part of the Tender documents.

2. EXAMINATION OF CONTRACT DOCUMENTS AND SITE

The Contractor will satisfy themselves as to the practicability of executing the work in accordance with the Contract, and they will be held to have satisfied themselves in every particular before making up their Tender by inquiry, measurement, calculation and inspection of the site.

The Contractor will examine the site and its surroundings and, before submitting their Tender, will satisfy themselves as to the nature of the site, the quantities and nature of the work and equipment necessary for the completion of the work, and the means of access to the site, the accommodations they may require, and, in general, will obtain all relevant information as to risks, contingencies and other circumstances which may influence their Tender.

The Contractor will be deemed to have satisfied themselves as to the sufficiency of the Tender for the work and the prices stated in the Schedule of Prices. These prices will cover all of their obligations under the Contract, and all matters necessary to the proper completion and maintenance of the work, and will include the supply of all labour, equipment, material, supervision, services, taxes and assessments, together with the Contractor's overhead and profit, except where otherwise provided elsewhere in this Contract.

3. START AND DURATION OF CONTRACT

The Contract will begin on May 1, 2020 at 12:01 a.m. and the Contract will remain in force until midnight October 31, 2020. The Contract may be renewed on a period-by-period basis at the Regional District's discretion. Each period of renewal will be as per the Schedule of Prices at the tendered rates to a maximum of two (2) years. Each extension will be for a one-year period and the total Contract duration will not exceed three (3) years.

4. TENDER PRICES

Tender prices must remain open for acceptance for a period of sixty (60) days from the time of Tender opening (Friday, March 20, 2020), unless otherwise stated by the Regional District.

Tenders will be evaluated on the ability of the Tenderer to comply with Contract requirements, the Tendered Price and experience. Where tender prices are the same, the Regional District will consider experience in similar work beyond the minimum standards established in the Contract.

The Regional District will not be responsible for any costs incurred by the tenderer which may result from the preparation or submission of documents pertaining to this Tender.
