Roll-off Bin Hauling Services – Vanway Regional Transfer Station**

Wednesday, October 18, 2023
10:00 a.m. at the **Vanway Regional Transfer Station**

Staff Present: Darren Wahl, Manager of Solid Waste Operations

Companies Present: Waste Management
BBRD
E360S

Introduction and sign-in sheet completed.

Meeting started at 10:06 a.m.

Brief review of the project

Question 1: If a spare (Swing) Bin is put into place so another can be repaired, does it have to have a lid?

Answer 1: No, if it's under 24 hours, but if repairs exceed that, then the lidded Bin must be in place (Bear Deterrent).

Question 2: Do lids have to be Metal?

Answer 2: No, lids are a Bear Deterrent, not Bear proof, as per page 41, section 5.0 "Roll Off Bins." This does not specify what the lid is made from, industry-standard supplied.

Meeting Adjourned 10:18 a.m.
