**Addendum No. 1
Invitation to Tender ES-25-05
Vehicle Weigh Scale Replacement
Foothills Boulevard Regional Landfill**

The addendum is being issued prior to the closing of the Invitation to Tender to provide further information, make changes to, or to clarify the Contract Documents and is to be read, interpreted and coordinated with all other parts of the Contract Documents. In the case of a conflict with the balance of the documents, this Addendum shall govern. **Tenderers shall attach a signed copy of this addendum to their submission.** This addendum shall form part of the Contract Documents.

This addendum is being provided in clarification to ITT ES-25-05 released March 21, 2025.

Appendix E – Schedule of Quantity and Prices – Section 3 reads:

3.1 Supply and install 80' x 10' steel deck truck scale – concrete slab

Change to read:

3.1 Supply and install 80' x 10' steel check plate deck truck scale

Appendix O - Specifications – first bullet reads:

Furnish and install two 3/8 steel check plate deck – concrete slab commercial truck scales and associated electronic digital controls.

Change to read:

Furnish and install two 3/8 steel check plate deck commercial truck scales and associated electronic digital controls.

Question: Appendix E 3.1 – Supply and install 80' x 10' steel deck truck scale – concrete slab. We would like the option to quote a full steel deck truck scale with no concrete slabs in the deck. Scale would still meet all specifications in tender but would be less cost and quicker to install.

Answer: Please refer to Appendix E and O language above.

Any Tender submissions received after the adjusted date and time will not be considered.

I/We hereby verify that we have considered this Addendum No. 1 in our ITT submission.
