SCHEDULE 'A'

TO REGIONAL DISTRICT OF FRASER-FORT GEORGE ZONING BYLAW NO. 2892

ZONING REGULATIONS

1.0 GENERAL PROVISIONS

- (1) No person shall, in contravention of this Bylaw:
 - (a) use or permit the use of any land, building or structure;
 - (b) construct, erect, move, enlarge or alter any building or structure, or permit any of the foregoing activities; or
 - (c) subdivide land, whether under the Land Title Act or Strata Property Act.
- (2) For the purposes of this Bylaw, the area incorporated within the boundaries of the Regional District of Fraser-Fort George is divided into zones as depicted in this Bylaw and which are shown on the maps which form Schedule 'B' to this Bylaw.
- (3) Every use of land or of a building or structure that is permitted in a zone established under Subsection (2) must conform to the regulations of the applicable zone and all other regulations in this Bylaw.
- (4) Where land is within the Agricultural Land Reserve created pursuant to the Agricultural Land Commission Act, and if any portion of this Bylaw is in any way inconsistent with that Act or its Regulations, the Agricultural Land Commission Act and the Regulations under that Act shall prevail.
- (5) No provision in this Bylaw shall relieve any person from the responsibility to apply for and obtain a permit or approval under, and to comply with, any other statute, regulation or Bylaw applicable to the use or development of land.

2.0 ADMINISTRATION AND ENFORCEMENT

- (1) The enforcement of these regulations is administered by the General Manager of Development Services or his designate.
- (2) The following persons, or their designate, are authorized to enter, at all reasonable times, on any property, and in accordance with Section 16(1) to (5) of the Community Charter, to inspect and determine whether all the provisions under this Bylaw are being met:
 - (a) the Chief Administrative Officer;
 - (b) the General Manager of Development Services; and
 - (c) a Bylaw Enforcement Officer.
- (3) Any person who violates any of the provisions of this Bylaw, or who suffers or permits any act or thing to be done in contravention of this Bylaw, or who neglects to do or refrains from doing any act or thing which is required to be done under this Bylaw, commits an offence and is liable to the penalties imposed under this Bylaw.
- (4) Any person who is convicted of an offence under this Bylaw is liable to a fine of not more than two thousand dollars (\$2,000) or to imprisonment for not more than six (6) months, or to both.
- (5) Each day's continuance of an offence under this Bylaw shall constitute a new and separate offence.
- (6) If any provision of this Bylaw is for any reason held to be invalid by the decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of this Bylaw.

3.0 INTERPRETATION

- (1) Metric units are used for all measurements in this Bylaw.
- (2) All information shown in brackets [] is for convenience only and does not form part of these regulations.
- (3) With reference to the maps which constitute Schedule 'B' attached to and forming part of this Bylaw:
 - (a) where the boundary of a zone is shown as following a lot boundary, the precise location of the boundary shall be determined by reference to the survey which creates that lot.
 - (b) where the boundary of a zone is shown as following a stream or river, or road, allowance or other right-of-way, the precise zone boundary is the centre line of the stream, river, road allowance or other right-of-way, as the case may be.
 - (c) where a zone boundary is shown as following a lake, pond, or other similar standing body of water, the precise zone boundary shall follow the natural boundary of that lake, pond or other body of water, except in the case where a lot boundary lies below the natural boundary in which case the boundary of the zone shall follow the lot boundary.
 - (d) in any other case, and where the precise location of a zone boundary is not otherwise defined by words or expressions, the precise zone boundary shall be determined by reference to the scale of the map.

- (37) **“Open Space Recreation”** means use of land for non-commercial outdoor recreational activities including but not limited to trail systems, viewpoints, highway rest areas, Provincial recreational sites, nature enhancement or interpretation facility, including buildings or structures that are not more than 100.0m² in floor area, and additionally includes a cabin that is accessory to the operation of a trap line registered under the laws of British Columbia. For certainty, Open Space Recreation does not include Campground, Recreation Accommodation or Tourist Accommodation uses.
- (38) **“Permitted Use”** means a use of land, buildings and structures which is specifically allowed by these regulations.
- (39) **“Preliminary Resource Processing”** means the crushing, screening, washing, storing, packaging or other processing of rock, sand, gravel, aggregate or soil, originating on the same site and does not include asphalt plants or concrete plants.
- (40) **“Public Open Space”** means public park, playground or other open space land administered as public land including land covered by water.
- (41) **“Rear Lot Line”** means the line forming part of the legal boundary of a lot which is most distant from the front lot line, and where the rear portion of a lot is bounded by intersecting side lot lines then it is to be taken as the point of intersection.
- (42) **“Recreation Accommodation”** means a commercial use providing facilities for temporary accommodation of the public in conjunction with outdoor recreation opportunities.
- (43) **“Recreational Airport”** means a commercial use providing facilities for the taking off, landing, storage and maintenance of light aircraft, and includes flying training, clubhouse and fuel sales, repair and maintenance uses serving light aircraft.
- (44) **“Recreation Cabin”** means a building or structure operated as a housekeeping unit, and used or intended to be used as a domicile by one or more persons for recreation use on a temporary or seasonal basis, but not as a dwelling unit.
- (45) **“Recreation Camp”** means a use providing for outdoor recreation, including overnight accommodation, which is not a commercial use but is operated by a registered non-profit society.
- (46) **“Residential-Single Family”** means residential use within one dwelling unit.
- (47) **“Residential-Two Family”** means residential uses within a building containing two dwelling units.
- (48) **“Residential-Multiple Family”** means residential uses within a building containing three or more dwelling units.
- (49) **“Riding Stable”** means a commercial use for the boarding, breeding, training and raising of horses, and includes riding rentals and events.

- (50) **“Secondary Suite”** means a dwelling unit:
- (a) located within a Residential-Single Family use;
 - (b) having a floor area less than 40% of the habitable floor space of the Residential-Single Family use in which it is contained; and
 - (c) located in and part of a building which is a single real estate entity.
- (51) **“Side Lot Line”** means the lines forming part of the legal boundary of a lot which connect the front and rear lot lines.

- (52) **“Sign”** means an image sited to be viewed from a public highway, with an intent to advertise, attract, warn, direct, or identify. The image can be created using words, pictures, designs, shapes, colors, or any combination thereof.
- (53) **“Site”** means:
(a) the area of land within a lot; or
(b) where a lot is divided into two or more zones, the area of land within the lot which is contained within one zone.
- (54) **“Site Coverage”** means the proportion of a site area, expressed as a percentage, which is covered by buildings or structures.
- (55) **“Slaughterhouse”** means a licensed facility licensed under the Meat Inspection Act or Meat Inspection Regulations where live animals, raised on or off the premises, are slaughtered and butchered, and may include facilities for the packaging, treating, and storage of meats and meat products.
- (56) **“Tourist Accommodation”** means a commercial use providing facilities for the temporary accommodation of the travelling public and tourists, excluding Hotel.

SEC 2 BL 2951 (58) **“Utility Complex”** means the use of land, buildings and structures, whether attended or unattended, for the operation of a water, sewer, gas, electrical, pipeline or telecommunications utility, and includes but is not limited to pumping and compressor stations, water treatment plants, sewage treatment plants, power substations, power generating facilities including solar and wind power facilities, and also includes accessory administrative facilities, and accessory works repair, maintenance and storage yards.
- AMENDED BY
SEC 1 BL 2951 (59) **“Utility Installation”** means unattended equipment that is used for the delivery of water, sewer, gas, electrical, pipeline or telecommunications service to customers of the utility, and includes communications towers, community sewage systems, community water systems, transfer or recycling stations, and emergency response sites, but for greater certainty does not include a Utility Complex.
- (60) **“Vehicle Bodywork and Mechanical Repair”** means the servicing and repair of motor vehicles including mechanical and/or bodywork, and includes the offering for sale of cars and light trucks to a maximum combined total of three, in conjunction with the use.
- (61) **“Vertical Setback”** means the distance measured vertically from the natural boundary of a water body or watercourse to the underside of any floor system of an area used for habitation, business, or storage of goods damageable by floodwaters.
- (62) **“Windmill”** means the complete set of equipment designed to generate electrical or mechanical power from wind and can be either a primary or secondary source of energy. Sale of credit of excess electricity to the utility grid is permitted as an accessory use.
- (63) **“Windmill-Free Standing”** means a windmill on its own supporting structure which is based upon the ground, and may include guy-wires.
- (64) **“Windmill-Roof Top”** means a windmill which is set or based on the roof of a residence or accessory building.

5.0 GENERAL PERMITTED USES

- (1) A use of land, buildings, or structures is prohibited unless the use is specified as a permitted use in this Bylaw.
- (2) In addition to the specific provisions for permitted uses within a zone, the following permitted uses are permitted in every zone:
 - (a) Public Open Space;
 - (b) Utility Installation;
 - (c) Accessory uses, buildings and structures;
 - (d) Portable sawmill, for the cutting of timber from the lot on which it is situated only;
 - (e) Ministry of Transportation and Infrastructure gravel pits/processing operations;
 - (f) Rural Post Office, where such use is in conjunction with an established residential use;
 - (g) Off-street parking area required by the Approving Officer to serve a specific subdivision;
 - (h) Signs; and
 - (i) Windmills.
- (3) Where a dwelling unit is lawfully under construction, a Residential-Single Family use may be established in a separate dwelling unit located on the same lot until the first dwelling is occupied.
- (4) The minimum site area required to establish a processing use permitted by ss. 5(2)(e) is 4.0 ha and a building or structure used for such processing is not to be located closer than 60.0 m from a rear lot line or side lot line, nor closer than 30.0 m from a front lot line.

Intensive Agriculture

- (5) Intensive Agriculture is a permitted use on land located within an Agricultural Land Reserve established under the *Agricultural Land Commission Act*, pursuant to Section 915 of the *Local Government Act*, subject to the following regulations:
 - (a) A building or structure used as part of an Intensive Agriculture use is not to be located closer than 60.0 m from a rear lot line or side lot line, nor closer than 30.0 m from a front lot line; and
 - (b) The minimum site area required to establish an Intensive Agriculture use is 4.0 ha.
 - (c) Except that where a site is of such a size or shape that the provisions of ss. 5.0(5)(a) or ss. 5.0(5)(b) cannot be met, then Intensive Agriculture is permitted subject to the following regulations:
 - (i) the maximum total area of land including building and structures used for an Intensive Agriculture use, is 50.0 m²; and
 - (ii) a building or structure used as part of an Intensive Agriculture use is not to be located closer from a side lot line than a distance calculated as one-third of the average distance between the two side lot lines; nor closer from a rear lot line or front lot line than a distance calculated as one-third of the average distance between the rear lot line and front lot line.
 - (d) As part of an Intensive Agriculture use, a slaughterhouse use or any use involving the slaughtering or processing of animals not raised on the premises is prohibited.
 - (e) Intensive Agriculture uses must not be established within 100.0 m of the boundary of the District of Mackenzie.

Windmills

- (6) Windmill is a permitted use of land subject to the following regulations:
- (a) No part of a Windmill is to be greater than 30.0 m from the ground, measured vertically along the axis of the Windmill.
 - (b) The bottom of the rotor, impeller structure, or vanes of a Windmill-Free Standing is to be no less than 6.0 m from the ground, measured vertically along the axis of the Windmill.
 - (c) No part of a Windmill-Roof Top is to be higher than 4.5 m above the highest roofline of the house or accessory building on which the Windmill-Roof Top is located.
 - (d) No Windmill is to be located closer than 1.5 m times the height of the Windmill to a side lot line, rear lot line, front lot line, or natural boundary of a lake.
 - (e) On a lot 8.0 ha or less in size, only one Windmill-Free Standing is permitted.
 - (f) On a lot greater than 8.0 ha in size, more than one Windmill-Free Standing is permitted, based on a maximum of one windmill-free standing per 8.0 ha of area.
 - (g) Minimum spacing between each Windmill-Free Standing on a single lot is 100.0 m.

Utility Installation

- (7) Utility Installation is a permitted use of land subject to the following regulations:
- (a) There is no maximum height for a Utility Installation use.
 - (b) The minimum setback of a Utility Installation use is 0.0 m from a front lot line, rear lot line or side lot line.

Signs

- (8) Signs are a permitted use of land subject to the following regulations:
- (a) The structure designed to hold or support a sign is not to be considered to be part of a sign unless the structure is part of the image, and ss. 5.0(8)(b) applies.
 - (b) The maximum surface area of a sign is 18.6 m².
 - (c) The maximum height of a sign is 10.0 m.
 - (d) Signs larger than 2.9 m² are to be:
 - (i) spaced a minimum of 200.0 m apart; and
 - (ii) set back a minimum of 100.0 m from any side lot line, and 7.5 m from a front lot line.
 - (e) Two signs back-to-back, two signs "V" angled, or three dimensional signs are permitted, and will be considered a single sign as long as only one sign front can be viewed at any one time.
 - (f) No sign is to be equipped with motion or flashing lights, or any mechanical device which causes a sign to move.

6.0 SEWAGE DISPOSAL SYSTEM SETBACKS

- (1) A sewage disposal system is not to be located closer to the natural boundary of a lake than is indicated below:
- (a) for a sewage disposal lagoon;
 - (i) 60.0 m
 - (b) for a pit privy;
 - (ii) 60.0 m; or
 - (iii) 30.0 m where 30.0 m or 60.0 m is the indicated setback in Table A
 - (c) for a drainage field, surface or subsurface sewage disposal system the required setback is as indicated in Table A.

TABLE A

*Porous Soil Depth means the depth of soil above the water table or impervious soil (percolation rate slower than 30 min/2.5 cm) below septic field pipes or bottom of pit privy.

7.0 WATERCOURSE SETBACKS

- (1) Where Provincial Flood Plain Mapping exists, the watercourse setbacks are either the geodetic elevations set out in the Provincial Flood Plain Mapping, or the vertical setbacks in this Bylaw, whichever is greater.
- (2) Notwithstanding any other provision of this Bylaw, a building or structure is not to be sited such that the underside of the floor system of any area used for habitation, business or storage of goods damageable by flood waters, or in the case of a manufactured home or unit with the ground level or top of concrete or asphalt pad on which it is located is lower than the vertical setbacks set out in this section.
- (3) Notwithstanding any other provision of this Bylaw, a building or structure except a boat dock, free standing deck, boathouse, pumphouse, fence, or open sided structure accessory to an Agriculture use, is not to be located closer than 15.0 m from the natural boundary of a water body or watercourse.
- (4) Vertical Setbacks are not applicable to that portion of a building or structure used as a carport or garage.
- (5) The regulations contained herein are in addition to any requirements within a Building Bylaw relating to construction in areas of potential geotechnical hazard.
- (6) Setbacks for Marshes or Ponds are:
 - (a) Horizontal Setback – 7.5 m
 - (b) Vertical Setback – 1.5 m
- (7) Setbacks for Lakes, unless specified elsewhere in this Bylaw are:
 - (a) Horizontal Setback – 15.0 m
 - (b) Vertical Setback – 1.5 m
- (8) Setbacks for the following Lakes are:
 - (a) Williston Lake
 - (i) Horizontal Setback – 15.0 m from the 672.1 m GSC contour
 - (ii) Vertical Setback – Elevation 678.2 m GSC
 - (b) Tudyah Lake
 - (i) Horizontal Setback – 15.0 m from the 672.1 m GSC contour
 - (ii) Vertical Setback – Elevation 678.2 m GSC
 - (c) Kinbasket Lake
 - (i) Horizontal Setback – 15.0 m from the 757.43 m GSC contour
 - (ii) Vertical Setback – Elevation 762.0 m GSC
 - (d) McLeod Lake
 - (i) Horizontal Setback – 15.0 m
 - (ii) Vertical Setback – 3.0 m
 - (e) Great Beaver Lake
 - (i) Horizontal Setback – 15.0 m
 - (ii) Vertical Setback – 2.0 m

[GSC refers to Geodetic Survey of Canada elevation.]
- (9) Setbacks for Creeks, Rivers or Watercourses
 - (a) Unless specified herein, or in the Provincial Flood Plain Mapping, the setbacks for unspecified creeks, rivers, and other watercourses are:
 - (i) Horizontal Setback – 15.0 m
 - (ii) Vertical Setback – 1.5 m
 - (b) The setbacks below apply to the following watercourses: [Where the Watercourses are shown in brackets, the setbacks are guidelines provided by the Ministry of Environment, and not part of this Bylaw.]

[Notes: The purpose of these conditions is to reduce the risk of injury, loss of life, and property damage due to flooding and erosion. However, the Regional District does not represent to the owner or any other person that any building constructed or mobile home or unit located in accordance with the following conditions will not be damaged by flooding or erosion.

The required elevation may be achieved by structural elevation of the said habitable, business, or storage area or by adequately compacted landfill on which any building is to be constructed or mobile home or unit locate, or by a combination of both structural elevation and landfill. No area below the required elevation shall be used for the installation of furnaces or other fixed equipment susceptible to damage by floodwater.

Where landfill is used to achieve the required elevation stated above, no portion of the landfill slope shall be closer than the distances noted above from the natural boundary, and the face of the landfill slope shall be adequately protected against erosion from floodwaters.

There is provision in this Bylaw for the possible reduction of these setbacks and elevations through a Development Variance Permit, especially in the case where it is impossible to meet the sitting requirements due to the size, shape or topography of the lot.

These flood damage and erosion protection standards have been provided to the Regional District by the Provincial Ministry responsible for Water Management.]

8.0 HOME OCCUPATION

- (1) Where Home Occupation is a permitted use within a zone under this Bylaw, such use is not to be established except in accordance with this Section.
- (2) A Home Occupation use may only be established within a dwelling unit, and may only be conducted by the occupants of that dwelling unit.
- (3) The floor area within a dwelling unit used for a Home Occupation use is not to exceed twenty five percent (25%) of the floor area of the dwelling unit, to a maximum of 50.0 m², except for Bed and Breakfast use.
- (4) A Home Occupation use is limited to one or more of the uses listed below:
 - (a) licensed day care/babysitting;
 - (b) catalogue sales agent;
 - (c) private tutoring - on an individual tutor/student basis;
 - (d) professional business office or studio, hairdresser or pet groomer - on an individual client basis;
 - (e) arts and crafts manufacture, and sale of such products manufactured on the premises;
 - (f) sale of meat/produce grown or produced primarily on the premises;
 - (g) Bed and Breakfast to a maximum of four (4) bedrooms. Only one Bed and Breakfast use is permitted on a lot; and
 - (h) food production [such as baking or candy making] and sale of such products manufactured on the premises. Food production does not permit a Restaurant or Take-Out Food Outlet use.

9.0 HOMECRAFT

- (1) Where Homecraft is a permitted use within a zone under this Bylaw, such use is not to be established except in accordance with this Section.
- (2) A Homecraft use is limited to one or more of the uses listed below:
 - (a) logging/trucking/building trades contractor;
 - (b) mechanical repair and servicing of trucks, farm and logging equipment, excluding bodyworks;
 - (c) mechanical and upholstery repair and servicing of automobiles and bikes, excluding bodyworks;
 - (d) manufacture of furniture or other wood products, and sale of such products manufactured on the premises;
 - (e) processing and sale of meat/produce grown or raised primarily on the premises;
 - (f) meat cutting and wrapping with associated smokehouse, excluding the slaughter of animals on-site, unless otherwise permitted. A maximum of two employees are permitted
 - (g) taxidermy;
 - (h) repair and servicing of household appliance and furniture; and
 - (i) any use listed as a Home Occupation use.
- (3) Homecraft use may only be established on the same site as a Residential-Single Family use which is established or lawfully under construction, and may only be conducted by the occupants of that dwelling unit.
- (4) Homecraft use must be secondary to the principal Residential-Single Family use.
- (5) Density
 - (a) Except as specified in ss. 9.0(5)(b) and ss. 9.0(5)(c), a Homecraft use is to be wholly conducted and contained within an accessory building or dwelling unit.
 - (b) Outdoor storage or parking areas for materials, products, equipment or vehicles utilized or produced by the Homecraft use is not to exceed a maximum of 1,000.0 m² in area or five percent (5%) of the lot on which it is situated, whichever is less.
 - (c) Outdoor storage or parking areas is limited to a maximum of two distinct areas on a lot and is prohibited to be spread intermittently across a lot.
- (6) Setbacks
 - (a) An accessory building used for a Homecraft use, and any part of a Homecraft use, is not to be located closer than:
 - (i) 15.0 metres from the front lot line;
 - (ii) 7.5 metres from the rear lot line; and
 - (iii) 7.5 metres from the side lot line.
- (7) Building Regulations
 - (a) The total floor area of an accessory building or buildings used for a Homecraft use is not to exceed:
 - (i) for a business described in ss. 9.0(2)(a) or ss. 9.0(2)(b):
 - (A) 500.0 m² where the site area is larger than 8.0 ha; or
 - (B) 250.0 m² where the site area is 8.0 ha or less.
 - (ii) 150.0 m² for any other business described in ss. 9.0(2).

10.0 OPEN SPACE RECREATION

11.0 RURAL 1 [Ru1]

- (1) The regulations under this Section apply to land within the Rural 1 (Ru1) zone.
- (2) The following uses of land, buildings and structures are permitted uses:
 - (a) Agriculture;
 - (b) Forestry;
 - (c) Intensive Agriculture;
 - (d) Kennel;
 - (e) Cannabis Production;
 - (f) Nursery;
 - (g) Open Space Recreation [See s. 10.0;]
 - (h) Residential-Single Family;
 - (i) Riding Stable;
 - (j) Veterinary Clinic;
 - (k) General Permitted Uses [See s. 5.0]; and
 - (l) Buildings and structures accessory to the permitted uses.
- (3) Where a Residential-Single Family use is established, the following secondary uses of land, buildings or structures are permitted:
 - (a) Homecraft [See s. 9.0];
 - (b) Home Occupation [See s. 8.0]; and
 - (c) Secondary Suite.
- (4) Subdivision Regulations
 - (a) The minimum area of a lot to be created by subdivision is 15.0 ha.
- (5) Density
 - (a) Not more than one Residential-Single Family use and one Secondary Suite use are permitted on a lot smaller than 8.0 ha.
 - (b) Not more than two Residential-Single Family uses and one Secondary Suite use are permitted on a lot 8.0 ha or larger.
 - (c) The minimum site area required for:
 - (i) an Intensive Agriculture use is 4.0 ha.;
 - (ii) a Kennel, Riding Stable, Nursery or Veterinary Clinic use is 2.0 ha.; and
 - (iii) a Cannabis Production use is 259.0 ha.
- (6) Setbacks
 - (a) With the exception of a fence or unless specified elsewhere in this Bylaw, a building or structure is not to be located closer than:
 - (i) 7.5 m from a front lot line;
 - (ii) 5.0 m from a rear lot line; and
 - (iii) 5.0 m from a side lot line.
 - (b) Notwithstanding ss. 11.0 (6)(a), a building or structure:
 - (i) containing an Intensive Agriculture use or Cannabis Production use is not to be located closer than 60.0 m from a rear lot line or side lot line, nor closer than 30.0 m from a front lot line; and
 - (ii) containing a Kennel, Riding Stable, Nursery or Veterinary Clinic use is not to be located closer than 30.0 m from a side lot line or rear lot line nor closer than 15.0 m from a front lot line.
 - (c) ~~A Secondary Suite use is not to be located closer than 200.0 m from the natural boundary of a lake.~~

 - (iv) marked with a sign and paint markings identifying the space reserved for such parking.
 - (b) In addition to ss. 84.0(4)(a) parking spaces for disabled persons shall be provided at one space per 40 units of accommodation or part thereof, and 1 space per 100 parking spaces or part thereof.
 - (c) All parking for disabled persons shall be located adjacent to a handicapped accessible entrance and designed to minimize the need for persons in wheelchairs to travel behind other cars and across vehicle aisles.
- (5) Loading Spaces
 - (a) The number of loading spaces required shall be provided and maintained by the property owner.
 - (b) Off-street loading space shall be provided entirely within the development being served and is subject to all Setbacks and yard requirements specified.
 - (c) A Hotel use requires 1 loading space per 2,800.0 m² with a minimum of 1 space.
 - (d) Access to any loading area shall be provided, wherever possible, internally to the development or from a lane adjacent to the development.

- (e) Access to any loading space shall be arranged such that no backing or turning movement of vehicles going to or from the site causes undue interference with traffic on the adjoining or abutting highways or lanes.
 - (f) Each off-street loading space shall be of adequate size and accessibility to accommodate the vehicles expected to load and unload, but in no case shall a loading space be less than 28.0 m² in area, less than 4.0 m in width, or have less than 3.7 m in overhead clearance.
 - (g) All loading spaces shall be indicated by a sign no larger than 0.3 m².
- (6) **Bus Parking and Loading Spaces**
- (a) A bus parking or loading space shall be:
 - (i) a minimum of 4.0 m wide;
 - (ii) a minimum of 15.0 m in length; and
 - (iii) if covered, have a minimum vertical clearance of 4.0 m.
- (7) **Parking and Loading Plan**
- (a) A plan shall be submitted with all building permit applications showing all required parking and loading spaces, snow storage areas, and drainage required by this Bylaw.
- (8) **Landscape Requirements for Parking and Storage**
- (a) Where off-street parking for 30 or more vehicles is provided at grade on a site, there shall be landscaped open space within the parking area. Landscaped open space in the parking areas shall be provided in the minimum amount of 0.4 m² for each parking space. The required landscaping shall not be located in one area and shall be placed within the parking area so as to provide visual relief and break up large areas of parking into smaller cells.
 - (b) A garbage collection area, an open storage area, or an outdoor service area, including any loading and vehicular service area, which is visible from an adjacent residential parcel or from a highway other than a lane, shall be fenced and/or screened. Such fence and/or screening shall be maintained to provide effective screening from the ground to a height of 2.0 m.
- (9) **Access and Egress**
- (a) The number, location, and width of all points of access and egress from any off-street parking or loading area to a highway shall be subject to the approval of the Authorized Person in accordance with the *Transportation Act*.
- (10) **Lighting**
- (a) All parking areas shall be provided with adequate lighting to ensure the safety of users and shall be so arranged that direct rays of light are reflected upon parking and loading areas, and not on adjacent lots or rights-of-way.
- (11) **Drainage and Snow Storage**
- (a) Drainage from all parking areas shall be provided either into catch basins or a storm sewer system, or alternatively, to approved planting areas with no surface drainage flowing overland except within the boundaries of the site.
 - (b) A designated snow storage area shall be provided for all surface parking lots.
- (12) **Refuse and Recycling Bins**
- (a) When any development is proposed, provisions for garbage storage, recycling and collection shall be provided on the same site as the development.
 - (b) All site refuse and recycling bins, including all other large receptacles used for the temporary storage of materials, require opaque screening from adjacent lots and highways.
 - (c) All screening will be a minimum of 2.0 m in height to a maximum height that is equivalent to the height of the refuse or recycling bin.
 - (d) All sides open to public view shall be screened by the additional planting of shrub and ground cover material at least 1.5m in height.

-
- (e) An unobstructed access lane with a minimum width of 3.0 m and a minimum vertical clearance of 4.6 m shall be provided to provide access to required garbage and recycling room or enclosure.
